

<p>1.</p> <p>The fewest zombies are in the region with short cool summers and long cold winters</p>	<p>1. Answer</p> <p><i>Anywhere in the Arctic Region</i></p>
<p>2</p> <p>Where would you be if you knew it was midnight and the sun was still shining? How might this affect the survivors if they have to live in this region?</p>	<p>2. Answer</p> <p>The unique tilt of the Earth's axis gives this region 6 months of constant sunlight and then 6 months of continual darkness.</p> <p><i>Arctic Region</i></p>
<p>3.</p> <p>You need to protect the diversity of life for future resettlement after the zombies are contained. Where could you find a temperate rainforest climate? How would you convince other survivors to protect the rainforest?</p>	<p>3. Answer</p> <p>Vancouver Island's west coast receives an exceptional amount of rain, giving it a temperate rainforest climate. Although it does not contain the diversity of species of a tropical rainforest, the island's west coast does have the oldest and tallest trees in Canada: Western Red Cedars 1,300 years old and Douglas Firs over 90 metres high.</p>
<p>4.</p> <p>Alert! One potential region for resettlement has been flagged for volcanic activity. Where is this region? How probable is it that settlements will be threatened by volcanic activity?</p>	<p>4. Answer</p> <p>There are two dormant volcanoes within driving distance of Vancouver that have the potential for eruption, those are Mount Garibaldi in Squamish and Mount Baker in Washington, and there are 14 dormant and extinct volcanoes within 100km of downtown Vancouver.</p>

<p>5.</p> <p>What regions have the most potential to support a large population of survivors who come from different cultures and have different skill sets?</p>	<p>5. Answer</p> <p>Cordillera - temperate rainforests, forested mountains, rich minerals, desert valleys, lush valleys, fishing and large rivers or St. Lawrence Lowlands</p>
<p>6.</p> <p>Where would be the least effective place to build a settlement to take advantage of hydroelectricity?</p>	<p>6. Answer</p> <p>Saskatchewan</p>
<p>7. Rank the provincial capital cities in order of climate-favorable to Zombie existence to least likely to have Zombies</p> <p>**** Worth 75 points****</p>	<p>7. Answer</p> <p>Use logic and it is basically like this: Victoria BC, St John's NFL, Toronto Ont, Halifax NS, Charlottetown PEI, Fredericton NB, Edmonton AB, Quebec City Que, Regina Sask, Whitehorse YK, Winnipeg Man, Yellowknife NWT, Iqaluit Nu.</p>
<p>8.</p> <p>Thinking of temperature, where might the best provincial capital be located that would balance Zombie population and comfortable human population - why?</p>	<p>8. Answer</p> <p>Edmonton, Winnipeg or Quebec City</p>

<p>9. You need to store food as you build a wall around your settlement. Interior Plains, in Alberta and Saskatchewan, could provide a long term source of food. What will grow and store most effectively?</p>	<p>9. Answer Crops such as wheat, barley, oats, flax, canola, mustard, potatoes, corn and sugar beets are grown in the plains.</p>
<p>10. Zombies have moved quickly across the Prairies. You need to gather your survivors to 49.6° N, 113° W. What is the nearest settlement?</p>	<p>11. Answer Lethbridge</p>
<p>12. Zombies have moved slowly but steadily across the Arctic. You need to gather your survivors to 74.6° N, 95° W. What is the nearest settlement? What is the likelihood Zombies will arrive here?</p>	<p>12. Answer Resolute Bay</p>
<p>13. Zombies have moved quickly across the Canadian Shield. You need to gather your survivors to 59° N, 94° W. What is the nearest settlement? Is this likely to be safe from Zombies?</p>	<p>13. Answer Churchill</p>

<p>14. Zombies have moved quickly across the St. Lawrence Lowlands. You need to gather your survivors to 45.5° N, 73.° W. What is the nearest settlement? What languages will you need to know to communicate here?</p>	<p>14. Answer Montreal, French, English</p>
<p>15. A small group of survivors are stranded on an island and have contacted you for rescue. They have been trapped because the Confederation Bridge has been overwhelmed with Zombies. Where are they? How will you arrange a rescue?</p>	<p>15. Answer PEI</p>
<p>16. An earthquake has been reported 49° N, 126° W. What other problems are likely to emerge from this?</p>	<p>16. Answer Vancouver Island - Tsunami</p>
<p>17. Zombies don't like fish. Where is a place that will have less zombies?</p>	<p>17. Atlantic region places</p>

<p>18. Computer networks are compromised. What medium could you use to preserve past historical and technical knowledge?</p>	<p>18. Answer books</p>
<p>19. Knowledge collection: What supplies would you need? Where will you find evidence and resources to develop these supplies</p>	<p>19. Answer Pulp and paper - Northern Ontario, Northern Quebec</p>
