OVERVIEW OF THE 2022 COS ANNUAL MEETING & EXHIBITION

The COS is excited to announce that the Annual Meeting will be taking place in-person again! As the premier Canadian vision conference and exhibition of its kind, the COS Annual Meeting provides a prime opportunity for industry partners to meet one-on-one and face-to-face to network with delegates in the ophthalmology health care profession.

Sponsor benefits for this year's conference are unparalleled. Whether you choose a Diamond, Platinum, Gold, Silver or Bronze level package, your educational grant allows you to maximize your corporate visibility and build a personal connection with our members, key opinion leaders, and decision-makers. Your educational grant will provide invaluable exposure and strengthen your brand with your key stakeholder group.

Dear Partner:

The Canadian Ophthalmological Society's Annual Meeting and Exhibition is thrilled to be back to an in-person meeting in beautiful Halifax, Nova Scotia. It is the premier event for Canada's ophthalmological community and we are excited to bring everyone back together for four days of education, engagement and networking.

COS brings together hundreds of ophthalmologists, residents and fellows in ophthalmology training programs, medical students, researchers, basic scientists, registered ophthalmic nurses, family physicians, and allied health professionals to share ideas and advance their knowledge to improve patient care. Collaborating with more than 12 national affiliate societies, each representing a specific ophthalmological subspecialty, the COS Annual Meeting and Exhibition presents a unique opportunity for innovative thinking, academic excellence, hands-on learning, and new perspectives on cutting-edge surgical innovations and leadership.

Sponsoring the COS Annual Meeting and exhibiting alongside other industry partners will raise the visibility of your company and provide you with unparalleled networking opportunities with members of the ophthalmological community.

The COS is committed to developing global partnerships to improve eye and vision care. COS is looking forward to working with you to deliver another world-class ophthalmology meeting.

Yours sincerely,

Mona Harissi-Dagher, MD, FRCSC
Chair, COS Annual Meeting and Exhibition

BACKGROUND ON COS

Founded in 1937, the Canadian Ophthalmological Society (COS) is the national, recognized authority on eye and vision care in Canada. The mission of the COS is to strive toward the provision of optimal medical and surgical eye care for all Canadians by promoting excellence in ophthalmology and providing services to support our members in practice. Our membership includes over 800 ophthalmologists and 200 ophthalmology residents. We work collaboratively with government, other national and international specialty societies, our academic communities (ACUPO), our provincial partners and affiliates and other eye care professionals and patient groups to advocate for health policy in Canada in the area of eye and vision health. COS is an affiliate of the Canadian Medical Association (CMA) and is an accredited, award winning provider of Continuing Professional Development through the Royal College of Physicians and Surgeons of Canada (RCPSC).

ADDITIONAL SUPPORT OPPORTUNITIES AND BENEFITS

Hotel Room Drop (\$2,500)

The opportunity to provide one (1) room drop at the host hotels is complimentary for Diamond Sponsors to promote the co-developed symposia. The opportunity to provide one (1) hotel room drop at the host hotels is available to Diamond, Platinum, Gold, and Silver level sponsors at a base fee of \$2,500 on a first-come, first-served basis. A maximum of two (2) room drops will be distributed per night. All associated costs of producing and delivering the room drop must be covered by the Supporter.

Hotel Room Drop content and size procedures:

- Requests must be received in writing by April 15, 2022
- Room drops must be developed and printed by the sponsors
- Room drops are subject to approval by the COS and a final draft must be submitted by May 2, 2022 (prior to the room drop being printed by the sponsor)
- Promotional material should not be product-specific, nor include branding strategies (this includes imagery, colours, etc.); however promotional material encouraging visitation to a commercial exhibit at the COS Annual Meeting is permissible
- Content can be educational in nature
- Content may promote educational sessions and accredited or unaccredited events (granted the sessions are approved by the COS)
- Recommended sizing is no larger than 8.5 by 5.5 inches (half the size of a standard piece of paper)

Branded Hotel Key Cards (\$3,000)

This opportunity is available on a first-come, first-served basis to Diamond, Platinum, Gold, and Silver Sponsors. There is one opportunity available. All associated additional costs of producing the key card must be covered by the Supporter. Product specific branding is not permissible. "COS Annual Meeting & Exhibition" must be written on key card. Requests are to be received in writing by April 1, 2022.

SKILLS TRANSFER COURSES (STCs)

Skills Transfer Courses are physician-developed and physician-led small group, interactive workshops. Topics are determined by insight from physician leaders, coupled with evaluations that highlight perceived and unperceived needs with the goals of identifying gaps in knowledge, skills, performance, clinical care or health outcomes. These courses are unique and are customized to meet the needs of our audience. They are designed to be accredited for Section 3 MOC credits. The COS has been offering Skills Transfer Courses since 2010 and won an award from the Royal College of Physicians and Surgeons of Canada for their innovative delivery. Sponsorship of the STCs is an invaluable contribution to educational excellence. There are two types of STC support: Exclusive Sponsorship at \$10,000 and in-kind support.

The 2022 STC program will be confirmed with the scientific program in the Fall of 2021. We anticipate that the STC program will include a mix of wet lab (simulation) courses and self-assessment programs. We are planning for the courses to be delivered in-person during the 2022 COS Annual Meeting in Halifax, Nova Scotia.

The wet labs STCs are interactive workshops that offer instruction, demonstration, discussion, and simulation of surgical, diagnostic and management techniques. They provide an ideal venue for practicing ophthalmologists to hone surgical techniques, receive extensive one-on-one training with physician experts in their field, and ultimately integrate new treatments into their practice.

The self-assessment programs enable ophthalmologists to assess aspects of their knowledge or practice and identify opportunities to enhance their competence with additional learning. The self-assessment STCs include pre- and post-testing, in addition to a live workshop component. They are an ideal venue for practicing ophthalmologists to review their knowledge or practice, receive individualised feedback from physician experts in their field and ultimately make improvements to their practice.

Generous financial and in-kind contributions are crucial to the continued success of the STCs. A financial sponsorship of the STC program will be used to offset the high overhead cost associated with developing and delivering these world-class wet lab courses and design and delivery of the self-assessment programs. By providing financial and/or in-kind support, STC contributors help to advance specialized ophthalmic education, improve patient care nationwide, and facilitate peer-to-peer discussion of upcoming surgical techniques and devices.

For more information on STCs, please contact **Cheryl Ripley, Director, Continuing Professional Development** at education@cos-sco.ca or 613-729-6779 x 223.

CO-DEVELOPED SYMPOSIA

The opportunity to partner on a co-developed symposia is available to Diamond level sponsors only. Sponsors must meet the October 15, 2021 application deadline to qualify.

Co-developed symposia are integrated into the scientific program and enhance the delegates' educational experience. They are designed to be accredited for Section 1 MOC credits. They have previously hosted more than 150 delegates over the breakfast timeslot. Evaluation results show these sessions year over year to be perceived by participants as one of the most valuable aspects of the COS Annual Meeting.

Working with our partners to offer co-developed symposia, the COS creates opportunities based on the educational needs of its members across the country, delivering relevant scientific content in an engaging way. Co-developed symposia are planned to ensure the evidence presented is valid, objective, and balanced.

We look forward to partnering with you to continue fostering this exceptional delegate experience.
