

DIY Maneuvering Tool

An alternative for SeaPerch ROV

You will
need

Tools & Materials

- (2) 30" PVC pipes
- (2) 2" PVC pipes
- (2) ½" PVC elbows
- (1) ½" PVC Tee
- Pipe cutter
- Duct tape and screws
(optional)

Take the two
PVC pipes of
30" and
attach an
elbow in
each one

Attach each end of the PVC Tee to each end of the elbows and join the pieces.

It is up to you if you want to secure the pieces with duct tape or screws.
